WINTER  
CHALLENGE 2020

MONTEBELO  
**AGUIEIRA**  
22 FEBRUARY

# WELCOME THE NWC2020

The Nelo Winter Challenge is a reference in the winter races, not only for the quality of athletes participating, but also the level of organization that presents.

In 2020 we want that the event continues to be, above all, a tool for athletes and coaches to assess their current form in a friendly and relaxed yet competitive atmosphere.

The Nelo Winter Challenge will be held at Nelo Training Center - Montebelo Agueira and will host many of the best paddlers from around the world, including Olympians medalists.

## // COMPETITIONS

This event will be divided into two competitions:

### // 1500METERSTIMETRIAL

### // 150METERSSPRINT

Montebelo Aguireira Lake Resort, the largest of the Nelo Training Centres, will host the two races, the first a 1500m time trial and in the afternoon a 150m tournament.

In the time trial athletes will start every minute and the winner will be the fastest in each category. For the 150m race, we prepared a knockout format that will be as exciting to watch as to participate, with the paddlers taking elimination rounds all together before the great final.
