

# MINI VIPER

 Boat: **4 x 0,49 m**

 Stability: **Stable**

 Athletes: **till 60 kg**

 Constructions:

**A1 - 11 kg**

## ABOUT THE BOAT

The Viper has been one of the longest and more successful lines in the Nelo Range. So successful that now we are taking it to the youngest athletes by creating a smaller version, the Mini Viper. The Mini Viper is perfect for young athletes for ages around 14/15 years old and offers a great glide without compromising stability. So, we believe that with this concept we can bring many young people to the sport, for training or just to tour with great performance.
